As a member of the Asia Pacific Internet community, I believe that a sponsored “.ASIA” TLD will be a valuable addition to the name space. The Asia Pacific community is a vibrant and growing one, and a new domain that represents our shared hopes and common interests will help build both the Internet and our community.

I support the DotAsia Organisation as sponsor of the “.ASIA” TLD. I believe that the governance structure of the DotAsia Organisation ensures broad representation from the community it intends to serve.

Respectfully,

Jin Ho Hur

CEO, Iworld Networking, Inc.
Former Founding Chairman of Asia Pacific Internet Association (APIA)
