To Whom it may concern,

As an organisation that focuses on promoting the interests of Asian professionals, we believe that a sponsored ".Asia" TLD will be a useful and valuable addition to the Internet name space. The Asian community is a vibrant and growing one, and a new domain that represents our shared hopes and common interests will help build both the Internet and our community.

We support the DotAsia Organisation and the creation of a ".ASIA" TLD. We believe that the governance structure of the DotAsia Organisation ensures broad representation from the community it intends to serve.

Respectfully,

Irene Lee  
Executive Vice President  
NAAAP Toronto
