1. Roll Call
   1.1. Jordan CARTER chaired the Board meeting on December 20, 2023.
   1.2. Roll call. Those present for all or part of the meeting are included in the Attendees section.

2. Adoption of Board Meeting Minutes: Nov 22, 2023
   2.1. The latest version (DRAFT1) of the November 22, 2023 Board meeting minutes was presented.

   3.2. Resolved. (2023.12.002)

4. Articles Amendment and Board Elections 2024 Timeline
   4.1. An updated proposed timeline for the adoption of the proposed amendments to the DotAsia Articles and Board Elections 2024 was presented as follows:

   Adoption of Amendments to DotAsia Articles:
   • Dec 20 (Wed) Board Meeting
   • Dec 28 (Thu) 2nd Draft of Proposed Amendments package
   • Jan 31 (Wed) Board Meeting
   • Feb 1 (Thu) Final Proposed Amendments package
   • Feb 5 (Mon) Call for EGM (21 days before EGM)
   • Feb 26 (Mon) DotAsia EGM @APRICOT (Approval of Articles Amendments)

   • Jan 3 (Wed) Start confirmation of voting representative email
   • Feb 1 (Thu) Final Draft of BEP 2024 (Plan A/B drafts)

• May 2 (Thu) Call for AGM (21 days before AGM)
• May 10 (Fri) Voting Period Ends (2 weeks)
• May 23 (Thu) AGM (virtual)

4.1.1. It was highlighted that the updated draft timeline would mean that the DotAsia AGM 2024 will not be held at APRICOT, but rather, an EGM would be held at APRICOT for Member consideration of the proposed amendments to the Articles, and then the DotAsia AGM 2024 held later in May.

4.1.2. It was further noted that the above proposed schedule is compliant with both the current DotAsia Articles as well as the proposed amended Articles.

4.1.3. It was noted that, if the 2nd Draft of the proposed Articles Amendments as well as the BEP could be published on December 28, the updated draft schedule would allow time to finalize both in Jan 2024, and have the final proposal to Members published by early Feb 2024 in time for EGM consideration at APRICOT.

4.2. Draft resolution on deferring the casual vacancies arising from resignations of Directors was presented.

4.2.1. It was highlighted that the draft resolution recited the resignations of Directors in April 2023, the Election Committee (EC) Report suggestion to consider filling of the casual vacancies, along with legal advice received on the matter, and explained the rationale for the Board's deferral of the matter because the incorporation of the EC Report recommendations as well as proposed amendments to the DotAsia articles should be completed before any further Board Elections take place.

4.2.2. The motion was moved by Satish BABU and seconded by Akinori MAEMURA. Resolved with one abstention from Jose LAY. (2023.12.003)

4.3. Draft resolution on adopting the proposed timeline for EGM at APRICOT 2024 and subsequent AGM 2024 in May was presented.

4.3.1. It was explained that the draft resolution noted that it is a tradition for DotAsia to hold its AGM at APRICOT, however, an EGM is to be held instead due to the intervening by-elections and the need for time to properly incorporate the EC Report recommendations.

4.3.2. The motion was moved by Maureen HILYARD and seconded by Satish BABU. Resolved unanimously. (2023.12.004)
5. Proposed Amendments to DotAsia Articles

5.1. An updated set of documents based on feedback received, including a draft amended Articles, a Background Paper explaining the amendments and a summary document was presented.

5.1.1. It was highlighted the main updates to the documents include the following:
- reporting on feedback received from Member engagement
- specifications of Nomination Committee members’ independence, successive terms and not from same organization
- clarification on process for acknowledgement of receipt and confirmation by primary contact of a member
- adding article to allow for member resolution to terminate membership of a member

5.1.2. A question was raised on the size of the anticipated Nominations Committee (NomCom). It was explained that the current draft documents provide for the NomCom to be 3-5, and no more than 5 persons, and that they will be independent from the Board.

5.1.3. Another question was raised on the process for Members’ approval, whether the whole document will be tabled for resolution at one go or would the different parts be presented separately. It was explained that based on previous discussions, the suggestion is to present the entire amended Articles as a package, however, details can be further considered at the Jan 2024 Board meeting.

5.2. A friendly amendment to the draft resolution text was suggested and agreed.

5.3. The motion was moved by Akinori MAEMURA and seconded by Nicole CHAN. Resolved unanimously. (2023.12.005)

6. Board Elections Procedures (BEP) 2024 (BGC-004 v.2)

6.1. An updated 2nd Draft of the BEP for Board Elections 2024, as well as a Draft Notice of Board Elections 2024 were presented.

6.2. The following main changes (from Draft 1) were highlighted:
- Implementation of improvement recommendations from EC Report
- Addition of a new “voter qualification” section
- Split into 2 simultaneous DRAFTs for A&B
  - DRAFTA – DotAsia Articles amendments approved by Members
  - DRAFTB – backup plan in the case amendments not approved

6.3. A question was raised on the differences between DRAFTA and DRAFTB. It was explained that the main differences are the references to the different articles within the DotAsia Articles, depending on whether the current Articles or the amended Articles are in place, as well as additional measures such as the NomCom processes included in the proposed Articles amendments.
6.4. It was suggested and agreed that a note be included in the DRAFTs to make it clearer for readers why two versions were drafted for consideration.

6.5. A resolution to proceed with posting the 2nd Draft of the updated BEP and the Draft Notice of Board Elections 2024 for comments and feedback was proposed.

6.6. The motion was moved by Jordan CARTER and seconded by Maureen HILYARD. Resolved unanimously. (2023.12.006)

7. Draft Strategic Plan for Member Feedback

7.1. Draft content to present the background and process of the Draft DotAsia Strategic Plan on the DotAsia website for Member feedback was presented.

7.2. It was noted that the BCC is scheduled to review the draft content at the upcoming BCC meeting on Dec 21.

7.3. A resolution was proposed:
   - Proceed with posting the draft Strategic Plan (Executive Summary) on the DotAsia website for comments and feedback; and,
   - Ask the BCC to review and finalize the background description to accompany the draft plan.

7.4. The motion was moved by Maureen HILYARD and seconded by Satish BABU. Resolved unanimously. (2023.12.007)

8. Chair's Report

8.1. It was highlighted that in the face of disinformation campaigns undermining the good reputation of the organization, DotAsia should consider engaging professional communications support to better sharpen the response against accusations.

8.2. Several priorities of the Board were raised. It was affirmed that the DotAsia Team stands ready to support the Board in proceeding with all of the priority items, and that some of the matters are already being addressed by ongoing work.

8.3. A comment was raised about the information overload caused by excessive multiple allegations on the Members mailing-list, and that measured response should take into consideration not stressing out Members’ capacity for attention. It was noted that balance is important and that the pros and cons of the comprehensiveness of response should be discussed further. (2023.12.A02)

9. Operations & Financial Updates

9.1. Brief financial updates were provided. A suggestion was raised on reorganizing the presentation of registrar rebates and not including them as admin expenses. It was noted that this will be discussed with Fusion to look into a better approach to improve this.
9.2. Operations updates on the .Asia registry as well as community work was presented.

9.2.1. It was highlighted the renewal numbers and vital registry statistics remain steady overall.

9.2.2. It was noted that .KiDS registration has also been growing steadily and has exceeded the projections included in the ICANN application.

9.2.3. Brief updates on the progress in NetMission Academy, APIGA and EcoInternet were reported.

9.2.4. A question was raised on whether the current funders for the Ecolnternet Index are being approached for further funding support. It was explained that the current funders are being approached, and that new proposals for 2024 will be prepared in Jan-Feb.

10. AOB

10.1. It was noted that board meeting dates are updated, aimed at having meetings spaced out so as to schedule events better, based on discussions in Seoul this year.

10.2. Regarding legal updates, it was updated that DotAsia is moving towards mediation, still getting legal support for the process for the amendment of the articles, and reviewing some relationships between DotAsia and Namesphere.
