As a member of the Asia Pacific Internet community,  
I believe that a sponsored `°.ASIA±` TLD will be a valuable  
addition to the name space.

The Asia Pacific community is a vibrant and growing one,  
and a new domain that represents our shared hopes and common  
interests will help build both the Internet and our community.

I support the DotAsia Organisation as sponsor of the `°.ASIA±` TLD.  
I believe that the governance structure of the DotAsia Organisation  
ensures broad representation from the community it intends to serve.

Respectfully,

Yan MA  
Professor  
Information Network Center  
Beijing University of Posts and Telecommunications
